Leaders, keep an eye on this space for important dates and messages.

Next **County Council** meeting is at the Ukiah 4-H office on March 10, 9-Noon. EVERY CLUB must be represented

Wrap-up debriefing of **Hands-on Livestock Expo** is March 10, 1 p.m. (after the council meeting).

Start getting your **Project Proficiency** lists together. Talk to kids and leaders. Remember members must be signed up by the April 30 deadline to be able to earn that proficiency.

April 21 is **Sectional Presentation Day**. Mendocino County is hosting and includes presenters from Humboldt, Del Norte and Lake counties. It will start at noon at Willits High School in Willits. We need help with all parts of this day: judges, room hosts, registration, awards, food and downtime. Contact the 4-H office to volunteer, 707-463-4495

Extravaganza, May 5. Remind your project leaders to help their kids have finished items ready for this event. The new location is St. Mary's School on Dora Street in Ukiah.

Project Proficiency Program

A goal of 4-H is to help our youth members progress in the projects they select. The Proficiency Program is a way to develop members' skills and project learning. Most individual projects have project proficiency guidelines for beginning, intermediate and advanced levels to guide learning in the project area and test the youth's proficiency in a project.

How do members sign up?

Members decide which projects and levels they want to enroll in and then tell their project leader.

- **First year members** are limited to one beginning level proficiency. This gives the member an opportunity to learn about the program.
- **Members in their second year and above** are limited to two proficiencies a year. They may decide to sign up for two proficiencies in one project (such as beginning and intermediate cake decorating) or to complete a proficiency in two separate projects and levels.

IMPORTANT!

The project leaders must notify community leaders of the names of youth who are enrolling in the Proficiency Program, and this information is provided to the 4-H office **no later than April 30th**. Members then work on the proficiency guidelines at their own speed and are tested by their project leader. Project leaders then notify the Community Club leaders of those who have completed a proficiency. These names are then submitted to 4-H Office **by September 30th**.

Proficiency pins are only awarded to those youth on the enrollment list submitted to the 4-H office April 30th and the completion list submitted to the 4-H office by September 30th. Your club will set earlier deadlines to receive this information in order to meet these deadlines.

4-H Whites!

Some 4-Hers are in need of whites for the upcoming Presentation Days. Rather than purchasing new clothes that the kids may outgrow by fair time, it would be great if we could recycle those that other kids have outgrown.

Last year at Fair we had a tub of recycled whites for people to take. We need to replenish our supply. If you have any to donate, drop them off at the 4-H office or give them to your club leader.

An Update from the Mendocino County Junior Awards Committee

Yes, it is March,, and we are already actively seeking and receiving donations for the 2012 Redwood Empire Fair and the Mendocino County Fair. The Mendocino County Junior Awards Committee purchases awards to go along with the ribbons at the fairs for most winners. All money received by the committee goes directly to these purchases.

We have a donation flyer available upon request. We are asking all 4-H members to please ask your friends, family and favorite businesses to support this program. Below is a list of the donors that have already contributed this year. We will be updating this list through out the year. If you recognize any of these names, please thank them on behalf of our program.

Last Youth Development Support is Skill Building

By Shannon Dogan, Associate Director of 4-H Program and Policy

For the last several months, we have unveiled the supports and opportunities that are the foundation of our program and should be experienced by all young people. The final one is skill building. Quality skill building activities provide challenging and engaging opportunities for young people. In 4-H, we focus specifically on the components of thriving – sparks, growth mindset, the GPS system of goal management, and self-reflection on the indicators of thriving. Have you heard of these components yet? Here is a summary:

- Sparks – An inner passion, interest or talent. A spark is also something that is used to make a positive difference in the world.
- Growth Mindset – People with a growth mindset see skills and abilities as things that can be improved through practice, effort, and persistence.
- Goal Management Skills – Goal management is the ability to effectively utilize goal setting skills to manage the process of reaching a goal or goals. In 4-H, we use the GPS system of goal management: G – Goal setting; P – Pursuit of Strategies; and S – Shifting Gears.
- Self-Reflection Skills – Dialogue and internal evaluation exercises help youth develop goals toward increasing indicators of thriving (6C's: competence, confidence, caring, character, contribution, and connection).

I think you will agree that the California 4-H Youth Development Program encourages skill-building

opportunities. However, we should be ever mindful that we need to be intentional in our planning and delivery to assure that these occur.

Here are five things you can do now to increase skill-building:

1. Help youth explore, develop, and discover their sparks. Begin by asking youth what they are interested in.
2. Encourage effort and persistence, and praise youth for their hard work instead of the outcome or product.
3. Use the GPS model of goal management.
4. Provide structured and unstructured opportunities for young people to converse about their goals and the 6C's.
5. Read more about the components of thriving: <http://www.ca4h.org/About/Thrive/>

Keep your eyes and ears open for more ways to build youth skills through the four components of thriving. There are many skills that young people build in 4-H, and we are intentionally focusing on the thrive model to create common language, standards of program delivery, and to help youth grow in very specific and measurable qualities. Currently, youth members enrolled in 4-H Leadership Projects throughout the state are improving their 6C's through these skill-building opportunities.

Million Pillowcase Project

The **Million Pillowcase Project** is a national community service activity adopted for 2012 by 4-H State Fashion Revue. To participate, sew a standard-size pillow case, 20" x 30". Bring it to State Fashion Revue on May 26 at UC Davis or have a delegate from your county deliver it. The SFR committee will collect the pillowcases and donate them to charitable organizations throughout California. Get creative with your pillowcase fabric! Add a decorative border! Design a pillowcase for a foster child, a homeless person, or perhaps a nursing home resident. For ideas and sewing instructions, go to www.allpeoplequilt.com and click on Million Pillowcase Challenge. Our goal is 500 pillowcases from California 4-H. “Club Scribe” ***News from county 4-H clubs***

Mendocino Spartans 4-H Club **Submitted by Sophie Swan-Edlund**

On Monday, February 13th, the Mendocino Spartan group met in Preston Hall for their February meeting. After the news from last meeting was discussed, two people from the 4-H office in Ukiah came to talk about Presentation Day and all of the activities that would be there. They said that there would be a fashion show, a food contest, Wii's to play with, and more things to do before and after you make

your presentation. After we learned about Presentation Day, we continued our business meeting. During that, the Taiko

drummers performed, and Jillian Anton played her flute. After the performance, we ended the meeting. People had a chance to go to the Lodge at the Woods to play board games with the elders afterwards.

Ukiah Shamrocks 4-H Club **Submitted by Tanner Whetzel**

At our February meeting, we started exactly at 6:30 p.m. to listen to our guest speaker, Jonathan Plank. He is a Veteran who attends school at Mendocino College and works in their Veterans Center. Jonathan needed to get to his college class, so we let him go first. He spoke about the college's Veteran's Center and how it is a good thing for them to have to help them get an education. He also thanked our club for decorating the center for the winter holidays. After the meeting, our club made Valentines to take to the Mendocino College

Veteran's Center for decorations. We were able to deliver them the next day.

During our meeting we learned that one of our members, Megan Whetzel, will be a director at 4-H Summer Camp. She talked about how much fun camp is and about all the activities and encouraged everyone to sign up. Our President and Vice President talked about Presentation Day and did a small presentation so that all of our new members would know what happens at Presentation Day.

We ended our meeting by making Valentines for one of our former members, Brian Harris. He is at UCSF being treated for leukemia. Our club made a package to send to Brian to wish him well.

At our next meeting we will have all of our members who are participating in Presentation Day practice in front of our club.

Redwood Valley 4-H Club **Submitted by Olivia Cooper**

At our Valentine's Day meeting, we were again reminded that Presentation Day is coming up very soon! We need as many volunteers and judges as we can get. You can volunteer to be a room host, set up and clean up, help the cook, or create thank you gifts. Volunteering on Presentation Day will be fun and rewarding (on your Record Book). Also don't forget to sign up for the Extravaganza on May 5. If you want to go to 4-H Camp (July 9-13), applications are on line (see article on page 2).

To end our meeting, we played a guessing game. It was fun and active, and we were all laughing when our president was stumped. See you at the next meeting on March 13th!

Online Record Books (ORB)

Did you know that when you are enrolled in 4-H you are given a "Profile"? There exist a profile for every youth and adult member in the County within the 4-H Online system. So why are we telling you this?

If you plan to use **ORB** (*Online Record Book*), when you go to the ORB login page and try to login in as an adult or youth, you will see a button marked, "I have a Profile" **Do not uncheck that button and try to set up a profile.**

If you are having problems logging in or setting a new password, it is probably because the Family email address in the 4-H Online system does not match the email address you are trying to use. You will need to call the UCCE Office at 463-4495, and we can verify your email address for you or change what we have on file. The new ORB and 4-H Online system are tightly linked. What this means is the information on the reenrollment forms or new member applications needs to be correct.

Siskiyou County 4-H Dog Field Day Saturday, May 19

Yreka 4-H is hosting a Siskiyou County 4-H Dog Field Day, Saturday, May 19, 2012 at the Siskiyou Golden Fairgrounds in Yreka California. The entry fee is \$5 per dog. This event is open to all 4-H members; members do not have to be enrolled in a dog project to participate. There will be seven classes: Written Test, Presentation, Showmanship, Obedience, Rally, Tricks, and Costume Class. Members are welcome to enter any or all of the classes. Primary member classes will not be judged.

Additional information and entry forms are available at the Ukiah 4-H office.

Operation Tango Mike

My name is Ericka Boesel. I am 11 years old, and I am a member of the Ukiah Shamrocks 4-H club. For the past couple of months we have been collecting things to donate to Operation Tango Mike. Operation Tango Mike is military shorthand for "Thanks Much."

Operation Tango Mike is an all-volunteer effort supported by fundraising and donations. Their mission is to send cards, letters, support and care packages to deployed troops. They also try to support the families and to honor all veterans. This is a way of saying "Thank You" to the soldiers that protect our country and to let them know we appreciate everything they do.

Tango Mike has packing parties the 3rd Thursday of each month at 6 p.m. at the Umpqua Bank in Lakeport, CA.

This last month, a few of us got together and made over 100 handmade valentines. Marishka Gournio, Anthony Gournio, Mariah Phillips, Allora Phillips, a couple of other friends and myself worked for over 2 ½ hours making valentines! It was a lot of fun but also a lot of hard work. We liked thinking of different things to say on each of the cards so that everybody could have something different. We also included a picture of us making the cards and a note asking them to write back if they could – hopefully we will hear from some of the soldiers that got our packages!

I got to go to the packing party in January and put our cards into the boxes. The boxes stretched in two lines all the way down the hall! After we put the cards and letters into the boxes, we got to go into the room where they store the donated items and pick out things for the boxes. There were a couple of kids that were packing a box for their mom, a couple more were packing for their dad and another family was packing for their brother and cousin. Most of the people there were just packing because they enjoyed it and they wanted to make a soldier happy.

Continued on next page

I picked out some handmade hats, hand warmers, socks, candy, snacks, magazines, writing supplies and lots of hygiene products. Everything had to be put into ziplock bags – especially the liquid items because when they first started sending packages they learned that some of the liquid items leaked all over the food and everything had to be thrown out. Now, everything is placed into sealed bags and then into the boxes.

I had a lot of fun and am going to go back again. If you are interested in donating or helping out, or if you know of a deployed soldier that would like a care package you can visit them on their Facebook page or go to their web page at www.operationtangomike.com. My cousin, Zack, will soon be deployed, and then we can put his name on the list too!
